Activity recorded

Market Challenge is a 30-minute financial decision-making enrichment activity in which pupils respond to changing market scenarios by making Buy, Hold or Sell decisions and assessing their confidence, followed by a final decision-and-reason question.

Recorded activity dates	**06/10/2026 to 09/10/2026**
Challenge availability	**Available all term until 20 November**
Year groups	**5, 6, 7, 8**
Eligible pupils	**84**
Entries / decisions recorded	**84 / 1756**
Manual / automatic submissions	**74 / 10**
Incomplete submissions / in progress	**2 / 0**

Year-group participation

Year 5: 22 participants; 21 complete attempts.

Year 6: 24 participants; 23 complete attempts.

Year 7: 20 participants; 20 complete attempts.

Year 8: 18 participants; 18 complete attempts.

Completion means all required responses were recorded (20 main decisions with confidence, plus the final decision and reason for the current edition) and the attempt was submitted. A timed submission may be complete or incomplete. Participation rates use the school-supplied eligible pupil count; no rate is calculated without it.

Performance, pupil voice & next steps

Evidence relevant to the DfE Enrichment Framework

Numbered references below identify DfE indicators, not a DfE score.

Assessed performance | indicators 7.1 and 7.2

84 submitted assessments. Missing decisions receive zero points. Final decision and reason both correct: 32 / 84.

Financial decision accuracy **74.4% (1250 / 1680)**

Correct decisions across 20 questions per submitted pupil.

Analysis tasks correct **0% (0 / 840)**

Fully correct analysis tasks across numerical, data and risk questions.

Confidence calibration **70.8% (2378.5 / 3360)**

Calibration points earned out of 40 per pupil; certainty judged alongside accuracy.

Responding to changed information **55.4% (186 / 336)**

Returning company pairs answered correctly both times; four pairs per pupil.

High-confidence decisions correct: 74.4% (622 / 836).

Participation & reflection | indicators 3.3 and 3.4

82 complete attempts / 84 pupils who started. Certificates follow national cohort finalisation.

Self-reported pupil confidence / attitudes | indicators 3.4, 4.1 and 8.1

Matched before-and-after pupil survey data is not yet available.

A useful next step | indicator 8.2

Revisit question 7 (58 / 84 correct; 69%). Ask pupils to identify one supporting clue and one competing clue, then explain their confidence. Use pupil reflections to choose the follow-up discussion.

Results describe this activity, not progress over time or whole-school framework achievement. Small samples should be interpreted cautiously. Counts can include incomplete timed submissions.
